

SMART TONG

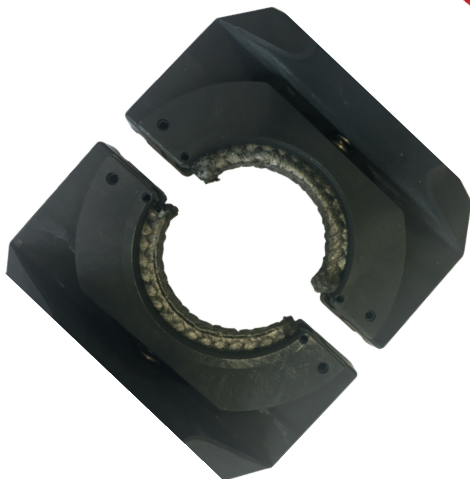

TONG HOLDER INSERT WITH BRAID

As the graphite insert is not the only way to prevent checks, Rondot SAS offer a new innovative solution to the problem.

A new take-out insert that uses stainless steel braid

Advantages

- Prevents thermoshocks and microcracks on the glass
- Excellent wear resistance : 4 to 5 times greater durability compared to carbon
- Floating insert suitable for bottle neck bore from 26 mm to 28.5 mm
- Change of braid possible in the plant : the braid is not welded
- Gentle glass handling
- Prevents lubrication marks
- Patent PCT n° 1752632
